

UNIVERSITY *of* WASHINGTON

# **BRIEF UPDATES FROM DATA GOVERNANCE COMMITTEES AND COUNCILS**

---

**From March 23, 2022 Info-session**

# STEERING AND OPERATIONAL COMMITTEE

---

## CORE DATA CURRENT PRIORITIES

- Establishing a new Institutional Organizational Structure
- Launching new standard for country names and codes
- Identifying a system of record for location data
- Creating templates and guidelines to support future CDM work

## CROSS DATA DOMAIN CURRENT PRIORITIES

- Supporting the new stewardship model, domain councils
- Access & roles
- Responding to intake items

# FINANCE DATA DOMAIN COUNCIL

## CURRENT PRIORITIES

- Term vetting/approvals to ensure alignment between Workday and enterprise downstream systems; cross walk from current state
- Gain understanding of Workday "alternate hierarchies" to gain understanding of governance, maintenance and support requirements; relationship to IOS
- Gain understanding of security ecosystem to ensure alignment between Workday and enterprise downstream systems, including developing recommendations regarding specific areas, such as Miscellaneous Payments

## ON DECK

- Develop ongoing governance approach for data 'change management' in Workday

# HUMAN RESOURCES DATA DOMAIN COUNCIL

## CURRENT PRIORITIES

- A generic data sharing agreement/memorandum of understanding for non-standard data requests
- Defining new processes for business partner access approvals
- Financial Transformation project requirements around location, security and data structures
- HR Hierarchy remediation and policy

## ON DECK

- Partnering with ISC to map HR hierarchy and academic orgs to new IOS

# ADVANCEMENT DATA DOMAIN COUNCIL

---

## CURRENT WORKING GROUP PRIORITIES

- **Communications** – Creating intranet and Teams presence, building Advancement data community of practice
- **Diversity Data** – Finalizing *Diversity Data Guide* describing policy, best practices, and process recommendations
- **Term Vetting** – Collecting terms and descriptors from across Advancement to develop controlled vocabulary use in content initiatives and publication in *UW Knowledge Navigator*

## ON DECK

- **Volunteer Data Access** – Developing policy updates controlling Advancement volunteer access to data
- **Digital Advertising** – Developing guidelines for use of data in third-party advertising platforms

# RESEARCH DATA DOMAIN COUNCIL

---

## CURRENT PRIORITIES

- 1st official quarterly meeting 3/25/22
- Review intake process with a couple of examples of subject a DDC might review and weigh in on. (EDW retention, data access for MAA)
- Core Data Management (CDM) - Quick overview and exposure to current projects Funding Entity CDM (FEDCM) and Core Data Hierarchy Management (CDHM). Including metadata dev by our terms vetting group (RTVG)
- Status and news across DGG. (country codes, locations, sensitive, etc.)

## ON DECK

- TBD

# ACADEMIC DATA DOMAIN COUNCIL

## CURRENT PRIORITIES

- Responding to Data Governance Intake forms related to Academic Data
- Providing feedback on the Appropriate Use of Academic Analytics Policy draft document

## ON DECK

- Preparing for the implementation of the Integrated Data Request form and determining how we will vet items referred to the Academic Data Domain Council through that process
- Preparing to support the TrustArc data inventory process
- Preparing to participate in the review of crosswalk of the former 10 Fin Orgs to the four new IOS categories associated with the FT project
- Preparing to determine how we will be involved in granting system to system and individual user access to academic data
